Under this accreditation scheme, graduated students can:

- obtain **Certificate in Insurance (Cert CII)** by passing one compulsory examination unit - WH1 Award in General Insurance (Hong Kong);
- or,
- obtain **Diploma in Insurance (Dip CII)** by passing two compulsory examination units - M05 Insurance Law and M92 Insurance Business and Finance.

To enrol CII exams, or to obtain more information about accreditation, please visit CII website: www.cii.co.uk.

A Story from Mongolia

Budmaa Tsend is a CII Ambassador in Mongolia.

She is 28 years old and was born in Ulaanbaatar, the capital of Mongolia. When she was growing up she wanted to be a doctor. Budmaa graduated from National University of Mongolia – School of Economics Studies in Ulaabaatar, Mongolia. She joined Mongol Daatgal, one of the largest insurance company in Mongolia.

In 2013, Budmaa was visiting London on a business trip in a Jardine Lloyd Thompson (JLT) Seminar where they invited their cooperating companies to join. Her friend from JLT Specialty introduced her to the CII and she started her CII studies that year.

As the CII do not have an exam center in Mongolia, she travelled to Beijing over a four-year period as this was the closest exam center to Mongolia. The flight time is two hours, and she had to spend three days in Beijing for each exam. She was supported by her employer, particularly her director who encouraged her, however, she had to pay most of the expenses herself.

She has now achieved Dip CII having passed eight exams IF1, IF3, IF8, P91, P97, M05, M92 and 945. She is currently studying for ACII and has achieved a senior position as a Reinsurance Senior Manager in three years after joining the company, with integrity who values relationships with clients built on trust and transparency.

“

All the knowledge I learnt from CII expanded my understanding of insurance and I achieved senior position in my company in quite a few years.

”
